Carpe Vita

Deep North

Apart from going to the far South, the Carpe Vita will start doing trips to the far North of the Maldives as well during peak high season 2015/2016. We have come up with a unique routing that nobody else is doing yet, starting and ending in Male to avoid domestic flights needed. Due to the additional distance we will cover there will be an extended cruise range surcharge and the minimum amount of nights needed to do this trip is 11 nights or more. These will be the first trips conducted by us to the far North and even though a lot of sites are known to us there will be some exciting exploration of new sites during the trip as well.

The trip will take the guests away from other boat traffic, meaning you will be the only boat on most of the dive sites the further North we go. The North is characterized by beautiful reef formations and abundance of fish life. The trip will have some great shark life as well as manta cleaning station sites and an exciting site with friendly green turtles. By adding Ari atoll and Vaavu atoll at the end you will still have a chance to see the whale shark and do the famous manta and nurse shark night dives but more boat traffic there to be expected. The trip will only be able to offer 3 dives a day. On the map a tentative outline of the routing that we take.

Package includes: 7 nights or 10 nights aboard the vessel, 3 meals daily, plus between-dive snacks, Drinking water, coffee and tea. 3 dives daily (except for on day of arrival and day before departure) including one or two night dives. Use of tanks, weights and belts. Airport transfers on the days of embarkation/disembarkation. GST 12% nights

Package excludes: Rental, instruction, nitrox and retail charges. Green tax of 6 USD p/p per night. Some trips will require domestic flights and/or fuel surcharge which will be mentioned in the schedules. Crew gratuities. Travel insurance (highly recommended), **mandatory** dive insurance.
