

Spirit of Maldives

Heart of the Maldives itinerary

7 or 10 nights: North Male Atoll - Rasdhu Atoll - Ari Atoll - Felidhu Atoll - South Male

Embark on a 7- or 10-night Heart of the Maldives adventure, exploring the vibrant central atolls that have always captivated divers. The Heart of the Maldives itinerary offers a mix of thrilling shark dives, scenic coral gardens, and everything in between. Enjoy Manta cleaning stations, blue & yellow soft coral caves, pinnacles teeming with life and favourite whale shark and hammerhead sites. Enjoy exhilarating night dives where you will often encounter sharks and mantas. So much to see, you will not be disappointed!

The 10+ night Heart of the Maldives adventure offers more flexibility in routing, and the boat likes to go a bit further afield as there is more time to dive & explore. If the conditions allow, a Heart of the Maldives Itinerary may also include Baa Atoll where, from May to October there is the amazing opportunity to snorkel in the UNESCO Hanifaru lagoon where mantas and whale sharks can be found in huge numbers.
